Faces . . .
 they come in all sizes, shapes and colors
 each is different
 each is individual
 each is a mirror of the mood of the
 person within
 look at a face
 study it
 explore it
 it may be rough or smooth
 it may have lines and creases
 it may be happy, worried, excited, bored
 or indifferent
 but each face tells something.

HHS is faces.
 For, without them HHS would
 be nothing but an empty building.
 Faces and their reflections are what
 makes HHS alive.

Faces . . .

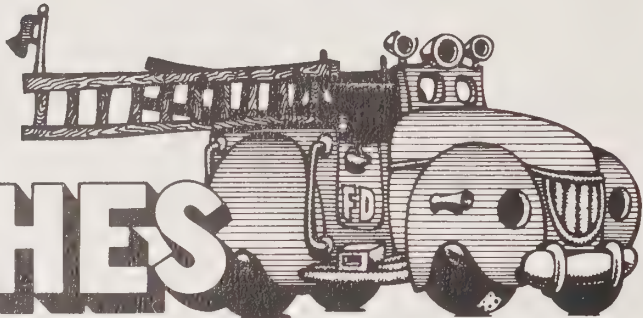

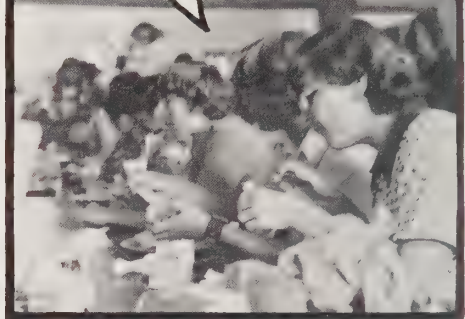

and sometimes
I wanted to be alone
to escape the others
to look for a glimpse
of my own
reflection
Solitude
a wonder
of ideas
memories
dreams
I sought the personal
the unique
and found myself changing

The Library Club places emphasis on a student's career in Library Science and Audio-Visual aids. It is a service club which participates in activities of the community such as reading to shut-ins, giving book reviews and encouraging young people to read.

The Bible Club had three rummage sales to raise money for charitable projects. A needy family was adopted for the year. Periodic visits were made, and winter school clothes were provided for the children. Special attention was given at Thanksgiving, Christmas and Easter.

FEBRUARIES

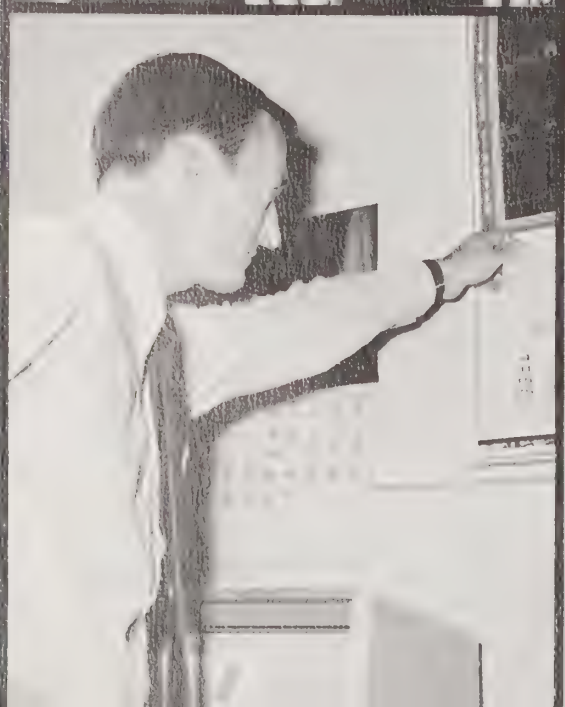

Miss Laureate, 1973

Lynn Milholen

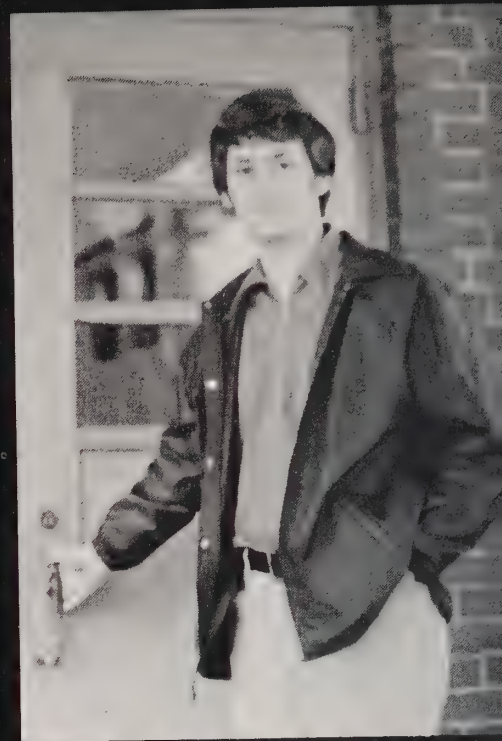

It would be easier to write this dedication if the thoughts which we must express were less important, or if we were less involved in what we will try to say. But it is inevitable that if a dedication has any significance whatsoever for those who present it, then words become insufficient. A dedication should be, most of all, honest and relevant. It should convey the representative opinion of the students who present the award. Many people make us what we are; the choice was a difficult one. Some, however, through their constant interest and limitless patience stand out as friends rather than superiors. They are the individuals, the uncommon few who give of their time and advice without hesitation. Most of all, they care.

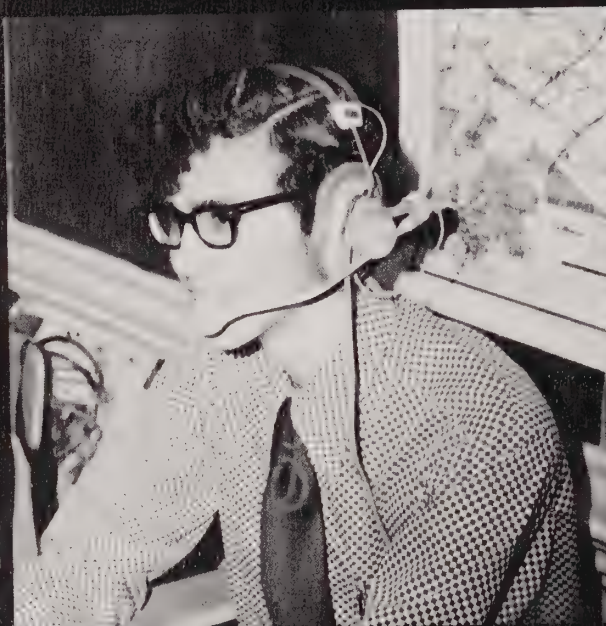

In choosing this dedication we felt there was one whose actions speak louder than the words printed here. Therefore, with all our gratitude and with deep respect, we dedicate the 1973 **Laureate** to Mr. Tom Wilson.

This year the International Relations Committee of the Student Council sponsored an AFS weekend for the foreign students in North and South Carolina. The 27 students entertained the student body with an assembly on Friday. That night they attended the basketball game and Saturday night they enjoyed a square dance.

The International Relations Committee should be commended for their fine work for this AFS weekend.

Voice of Democracy

Once again students at H.H.S. participated in the Voice of Democracy. This year Alan Wylde was the first place winner with Emily Bartels and Keela Lyda taking second and third places, respectively.

Powderpuff '72

Our beautiful and dainty Powderpuff queen at the annual Powderpuff game was "Betty" Shipman. Her (or his?) fascinating court of beauties consisted of "Chicora" Lamb, Senior; "Christine" Jones, Junior; "Darlene" Justus, Sophomore; and "Michelle" Dorsey, Freshman. And, once again, the Senior-Sophomore team has a smashing victory over the Junior-Freshmen team.

Homecoming

This year the Homecoming game and dance were held on the same night due to rain.

Even though the rain somewhat dampened our spirits we all brightened up when we entered "A Colorful World" at the Bruce Drysdale auditorium.

In May of 1972 the Bruce Drysdale auditorium was changed into "A Japanese Garden" by many hardworking juniors. The music in this festive garden was played by "South". This night will always be one to be remembered by both juniors and seniors alike.

at General Electric
our people never take off
their caps and gowns . . .

We're glad that you are about to finish up an important part of the learning process in your life. . . as you complete high school, and take yet another path of learning.

Another path, we say, because life is one long learning adventure. Learning never stops.

At General Electric's Lighting Systems Business Department, for instance, our people are constantly about the business of learning and improving. They accomplish this through on-the-job training. . . through advance courses offered at our plant. . . and through specialized studies at various institutions of higher learning.

It's standard practice at GE for men and women who want better jobs to keep learning as they continue earning. And in that sense, they never take off their caps and gowns!

Progress is our most important product

The autumn wind catches flaming leaves
in its breeze
Like freedom riding the world.
It is too cool to sit in the shade.
But come,
The sun is so warm—
Just like your smile.

Rest for a moment and leave the earth
behind.
A smell like honeysuckle in the
stirring air,
Not as good as you.
Gaze into the sun and you will find
my heart—
Free, flowing with rays of life.

The mood has lit your dim eyes with
a dream
And I see my image in your face.
If I could give you something precious . . .
I would give you now.
